	Stately, Pollution tolerant long lived tree, wide-spreading head of branches and dappled bark. Pollution tolerant. Deciduous 20m	1/1 180-220cm	\$25.00			

## FERTILIZER PELLETS

We have available slow release N.P.K. fertilizer in tablet form. One or more of the tablets (depending on tree size), placed in the bottom of the planting hole will provide a slow release of nutrients over a 1 to 3 year period, giving an excellent start to tree growth and health.

100 tablets - \$25.0028

## RABBIT AND HARE REPELLANT

Plantskydd - 100% Natural Product

This Swedish repellent contains no synthetic additives, is non-toxic, bacteria free and not harmful to the environment. It is made of specially processed, sterilised and dried edible animal by-products, vegetable fats, salt and water. It is easy to mix and can be applied by spraying or dipping.

500 Tree Pack - 1 kg powder - \$105.00
